November 2026

BARCELONA

The **14th HbbTV Symposium and Awards** will be held in Barcelona on November 2026, in cooperation with **3CAT**, Catalonia's public media. The event provides a unique platform for our community and the media industry to listen, engage, discuss and build your network in an in-presence event. The venue will be located in the heart of Catalunya's capital.

3Cat is Catalonia’s public media corporation avowed for its excellence in the production and broadcasting of audiovisual content in Catalan.

Benchmarking in the sector, with over 40 years experience, and a cross-sectional offer which includes television, radio and digital content through the 3Cat platform.

- **Plenary Agenda** - Day one of the symposium is the usual and traditional conference kind of event; this foresees a **defined agenda** based on call-for-speakers items, managed under the responsibility of the Marketing and Education Working Group (the MEWG). This day event is going to be hybrid, in person and freely accessible via an IP streaming.
- **Unconference** - Day two is a collaborative workshop based on **innovative and interactive format**. During a plenary session in the morning, typically the participants are invited to propose topics for discussion, which are then assigned timeslots as an agenda is built from scratch. The result are parallel streams of different conferences in multiple rooms.
